

SALUS

ATTENTION:

If you have traveled in the last 14 days or have come into contact with someone who has traveled outside Puerto Rico, and you are exhibiting one or more of the following symptoms, please notify our clinical personnel immediately.

- Coughing
- Fever
- Nasal congestion
- Difficulty breathing

THANK YOU FOR YOUR COOPERATION.

SALUS

During the last 14 days, have you traveled or taken a cruise to any of the following destinations: Iran, China, Europe, France, Spain, Portugal, or South Korea?

Yes No

Have you been exposed to someone who has recently traveled to one of these destinations or who is showing symptoms or a decline in health?

Yes No

Are you currently having difficulty breathing?

Yes No

Are you currently showing symptoms similar to fever?

Yes No

Are you currently showing symptoms similar to a dry cough?

Yes No

Are you currently showing gastrointestinal symptoms such as diarrhea or stomach pain?

Yes No

To be assessed based on risk factors, especially among elderly adults, and whether you have chronic health conditions, such as heart disease, diabetes, or pulmonary conditions.
